

## TECHNICAL PUBLICATIONS - GROUND IMPROVEMENT

- 1. **'Ground Improvement for Embankments over Soft Clay'**, Radhakrishnan, R, Proc. Indian Geotechnical Conference- 2006, Chennai, pp 631-633.
- 2. 'Embankment Construction over Reclaimed Land Using Pre-Fabricated Vertical **Drains'**, Radhakrishnan, R and Suriyanarayanan, N.S., Proc. Indian Geotechnical Conference- 2010, Mumbai.
- 3. 'Ground Improvement with Pre-fabricated Vertical Drains and Pre-load- A Case Study', Radhakrishnan R and Anirudhan I.V., Proc. Symposium on Advances in Geotechnical Engineering, SAGE- 2003, Indian Institute of Technology, Kanpur, pp 426-430.
- 4. 'Performance of Pre-fabricated V. Drains & Pre-loading for a Major Construction Project', Radhakrishnan R, Proc. Indian Geotechnical Conference- 2011, Kochi.
- 'A Case Study of Vacuum Consolidation of Soft Clay Deposit', Ganesh Kumar.S, Sridhar.S, Radhakrishnan.R, Robinson.R.G and Rajagopal.K., Indian Geotechnical Journal, February, 2014. (Best Paper Award IGC-2016)
- 6. **Construction of High Road Embankment Over Thick Soft Silty Clay',** Radhakrishnan.R and Gunasekaran.C, Proc. DFI Conference- 2016, Kolkata.
- 7. **'Factors Which Influence PVD Performance in Soft Clay Consolidation',** Radhakrishnan.R and Gunasekaran.C, Proc. Indian Geotechnical Conference- 2016, Chennai
